## CARATTERISTICHE TESSUTO | FABRIC FEATURES

Tessuto Easy&Clean piacevole al tatto e garanzia di comfort. Facile da mantenere pulito e ha le proprietà necessarie per essere considerato anti-microbico, anti-acaro, anti-batterico, garantendo maggiore igiene nell'ambiente domestico.

*Main feature of the Easy&Clean fabrics is the soft and pleasant touch. A guarantee in terms of comfort.*

*They are easy to keep clean and they have all the necessary properties to be considered anti-microbial, anti-bacterial, anti-mite, ensuring the best result in the domestic hygiene.*

## IDROREPELENTE | WATER REPELLENT

## ANTIMACCHIA | STAIN RESISTANT

## RESISTENZA AL FUOCO CON TRATTAMENTO FR | FIRE RESISTANCE WITH FR TREATMENT

TB 117:2013

*Fabric for free or decorative cushions only.*

## METODO DI PULIZIA | CLEANING INSTRUCTIONS

**Bibite, caffè, vino, grasso e salse:** Asportare i liquidi con carta assorbente o panno asciutto senza esercitare pressione sul tessuto. In caso di penetrazione della macchia, strofinare con spugna umida, se necessario usare del sapone neutro da risciacquare abbondantemente con acqua tiepida e spugna pulita.

**Penna e pennarelli:** Agire prima che si asciughi l'inchiostro, passando sulla macchia alcool diluito in acqua, lavare poi con spugna e detersivo neutro per eliminare l'alone. In generale è sufficiente tamponare tempestivamente i liquidi caduti con panno asciutto o spazzolare lo sporco secco.

In caso di permanenza della macchia o di aloni si consiglia di lavare come da norma di manutenzione. La superficie del tessuto può subire un trasferimento di colore a causa di alcuni coloranti utilizzati per abbigliamento e accessori. Questo fenomeno viene amplificato con alti tassi di umidità o alte temperature. L'azienda non si assume alcuna responsabilità in caso di migrazione di colore.

**Drinks, coffee, wine, grease and sause:** Remove the stain using blotting paper or a dry cloth but avoid any pressure on the fabric. If the stain has penetrated the fabric, rub gently with a damp sponge and if necessary, use neutral soap. Wipe with tepid water and a clean sponge.

**Pens and markers:** As long as it is not indelible and before the ink dries, dab the stain with alcohol diluted in water away with damp sponge and neutral soap to remove the mark.

*As a general rule, it is sufficient to promptly dab the spilled liquid with a dry cloth or brush and gently remove.*

*If the marks or halons remain, it is recommended to machine the fabric as per cleaning instructions.*

*The surface of this article may undergo a color transfer due to some dyes used for clothing and accessories. This phenomenon is amplified with high humidity or high temperatures. The company assumes no responsibility in the event of color migration.*

La pratica funzionalità Easy Clean aumenta la rimozione delle macchie.  
*The practical easy clean functionality boosts stain removal.*

## RICICLATO | RECYCLED

Trentasette bottiglie riciclate si trasformano in un metro di tessuto e l'intero processo di fabbricazione è meno dannoso per l'ambiente.  
*Thirty seven recycled bottles turn into one metre of the fabric, and the whole manufacturing process is less harmful to the environment.*

*Fabric for free or decorative cushions only.*

## METODO DI PULIZIA | CLEANING INSTRUCTIONS

**Bibite e caffè:** asportare i liquidi delicatamente con carta assorbente ed esercitare pressione sul tessuto solo quando non ci saranno più gocce in superficie.

**Vino:** asportare i liquidi con carta assorbente. Applicare dell'acqua sulla macchia e insaponare con un movimento circolare. Strofinare la macchia con un movimento circolare utilizzando un panno, risciacquare con altra acqua e asciugare con un tovagliolo di carta.

**Salse, olio, cioccolato:** rimuovere la sostanza con l'utilizzo di un cucchiaio (dal centro verso l'esterno), cercando di non strofinare le fibre. Applicare delle gocce d'acqua, insaponare con un movimento circolare e strofinare allo stesso modo utilizzando un panno. Risciacquare il sapone con altra acqua e asciugare con un tovagliolo di carta.

**Evidenziatori, trattopen e penne:** applicare delle gocce d'acqua sulla macchia, stendere l'acqua con la punta delle dita con un movimento circolare senza toccare il tessuto. Tamponare e premere la macchia con un tovagliolo di carta. Per le penne insaponare l'area e seguire le stesse istruzioni delle macchie da vino.

La superficie del tessuto può subire un trasferimento di colore a causa di alcuni coloranti utilizzati per abbigliamento e accessori. Questo fenomeno viene amplificato con alti tassi di umidità o alte temperature. L'azienda non si assume alcuna responsabilità in caso di migrazione di colore.

**Drinks and coffee:** blot the stain using a paper towel. When water is no longer visible, blot and press the paper towel into the fabric. Repeat steps until paper towel is dry.

**Wine:** blot the stain using a paper towel. Apply several drops of water, soap the area using a circular motion.

Rub the stain with a cloth at the same way. Rinse out the soap with water and blot the area using a paper towel.

**Ketchup, oil, chocolate:** gently remove the substance with a spoon (from the center of the stain outward), trying not to rub into the fibers. Apply drops of water onto the stain, soap the area using circular motion. Rub the stain with a cloth using a circular motion and rinse out the soap and blot the area using a paper towel.

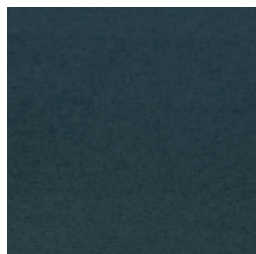

**Highlighters, markers and pens:** apply drops of water onto the stain, using your fingertips spread the drops in a circular motion without touching the fabric and blot and press the stain using a paper towel. For pens soap the area and follow the same instructions as for the wine stains.

*The surface of this article may undergo a color transfer due to some dyes used for clothing and accessories. This phenomenon is amplified with high humidity or high temperatures. The company assumes no responsibility in the event of color migration.*

Il trattamento FR è applicabile alle varianti colore Avorio, Canapa, Alpaca, Denim, Grigio Chiaro e Grigio Melange può essere ignifugabile.

Ivory, Hemp, Alpaca, Denim, Light Grey and Grey Melange are available for FR treatment.

## METODO DI PULIZIA | CLEANING INSTRUCTIONS

Tamponare subito la macchia con carta assorbente poi agire con acqua tiepida e sapone neutro. Se utilizzate detergenti diversi testare prima il prodotto su una piccola porzione. Utilizzare un panno morbido inumidito con acqua e sapone e pulire fino a completa rimozione, risciacquare con acqua e asciugare con un panno. Non utilizzare detergenti aggressivi, smacchiatori o sgrassatori.

La superficie di questo articolo può subire un trasferimento di colore a causa di alcuni coloranti utilizzati per abbigliamento e accessori.

Questo fenomeno viene amplificato con alti tassi di umidità o alte temperature. L'azienda non si assume alcuna responsabilità in caso di migrazione di colore.

Remove the stain using a blotting paper, then clean with neutral soap diluted in warm water. Not neutral soaps should be tested in a small area. Use a soft cloth dampened with the water and soap mix, gently remove the stain, rinse again with water and dry with a cloth. Do not use aggressive cleansers, stain removers or degreasers.

This fabric might be subjected to dye transfer caused by dyeing products used for clothing and accessories. Wet and high temperature can increase this effect. The company does not take responsibility for dye transfer cases.

### METODO DI PULIZIA | CLEANING INSTRUCTIONS

Le macchie di liquidi e olio devono essere prontamente rimosse con della carta assorbente. Rimuovere prontamente ogni tipo di macchia e non lasciarla asciugare sul tessuto. Macchie di caffè, tè, vino, cioccolato, rossetto o grasso si possono rimuovere con acqua 30°C e sapone neutro. Non candeggiare.

Non strizzare o asciugare in cesto. La superficie del tessuto può subire un trasferimento di colore a causa di alcuni coloranti utilizzati per abbigliamento e accessori. Questo fenomeno viene amplificato con alti tassi di umidità o alte temperature. L'azienda non si assume alcuna responsabilità in caso di migrazione di colore.

Liquid and oily stains must be dried with paper or towel. Promptly remove any kind of stain and do not let it dry on the fabric.

Coffee, tea, chocolate, tomato, red wine, lipstick or grease must be cleaned with water and mild neutral soap at maximum 30°. Do not bleach.

Do not wring or squeeze. The surface of this article may undergo a color transfer due to some dyes used for clothing and accessories.

This phenomenon is amplified with high humidity or high temperatures. The company assumes no responsibility in the event of color migration.

## METODO DI PULIZIA | CLEANING INSTRUCTIONS

Per la pulizia utilizzare un panno di cotone umido e detergente neutro diluito con acqua.

La superficie del tessuto può subire un trasferimento di colore a causa di alcuni coloranti utilizzati per abbigliamento e accessori. Questo fenomeno viene amplificato con alti tassi di umidità o alte temperature. L'azienda non si assume alcuna responsabilità in caso di migrazione di colore.

*For cleaning, use a soft damp cloth and gentle detergent diluted with water.*

*The surface of this article may undergo a color transfer due to some dyes used for clothing and accessories. This phenomenon is amplified with high humidity or high temperatures. The company assumes no responsibility in the event of color migration.*

## METODO DI PULIZIA | CLEANING INSTRUCTIONS

Per la pulizia vaporizzare la macchia con acqua da una distanza di 15-20 cm e passare con un panno morbido. Non sfregare. Per togliere la polvere utilizzare una spazzola per velluti e setole morbide.

La superficie del tessuto può subire un trasferimento di colore a causa di alcuni coloranti utilizzati per abbigliamento e accessori. Questo fenomeno viene amplificato con alti tassi di umidità o alte temperature. L'azienda non si assume alcuna responsabilità in caso di migrazione di colore.

*The surface of this article may undergo a color transfer due to some dyes used for clothing and accessories. This phenomenon is amplified with high humidity or high temperatures. The company assumes no responsibility in the event of color migration.*

*To clean, spray the stain with water from a distance of 15-20 cm | 6-8 inches and wipe with a soft cloth. Do not rub. To remove dust on velvet, use a soft bristle brush.*

### METODO DI PULIZIA | CLEANING INSTRUCTIONS

Per la normale pulizia si consiglia di spolverare con un panno morbido e asciutto. Eventuali macchie possono essere eliminate con un panno umido e prodotti delicati come sapone neutro o latte detergente. Non strofinare ma tamponare dai bordi verso il centro. È assolutamente vietato usare prodotti abrasivi o aggressivi quali solventi, smacchiatori, ecc...Non usare vapore.

La superficie del tessuto può subire un trasferimento di colore a causa di alcuni coloranti utilizzati per abbigliamento e accessori. Questo fenomeno viene amplificato con alti tassi di umidità o alte temperature. L'azienda non si assume alcuna responsabilità in caso di migrazione di colore.

*It is suggested to dust with a soft and dry cloth. Any stain can be removed using a damp cloth and delicate cleaning products such as a neutral soap or detergent.*

*Do not wipe the surface but just buffer from the edges to the stain centre. It is absolutely forbidden to use abrasive or aggressive products such as solvents, stain removers etc.*

*Do not use steam. For the most resistant stains contact the supplier. Avoid placing leather in direct sun. Keep the leather away from direct heat.*

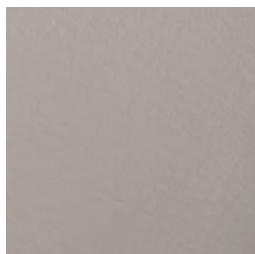

*The surface of this article may undergo a color transfer due to some dyes used for clothing and accessories. This phenomenon is amplified with high humidity or high temperatures. The company assumes no responsibility in the event of color migration.*
